SECURE BOND CORPORATION
4 ALABAMA STREET
KNOX, TENN.

SECURITY BOND CORPORATION

KNOW ALL MEN BY THESE PRESENTS, THAT WE, CROWELL PUBLISHING COMPANY, as Principal, and SECURE BOND CORPORATION, as Surety, are held and firmly bound unto all purchasers of subscriptions to periodicals, issued or sold by the Principal, in the total sum of Ten Thousand and 00/100 (\$10,000.00) Dollars, for the payment of which, well and truly to be made, we bind ourselves, our successors and assigns, jointly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH, THAT

FIRSTLY, the Principal has authorized or may hereafter authorize various persons to sell and take subscriptions for said periodicals, and to receive payment in whole or in part for same, and to issue receipts for such payments;

SECONDLY, if each of such purchasers of subscriptions shall receive the periodical or periodicals for which he or she shall subscribe, or if the subscription price paid shall be refunded to the purchaser, then this obligation is to be void, otherwise to be in full force and effect.

The liability of the Principal and Surety hereunder is subject to the following conditions and limitations:

(1). Notwithstanding the Surety nor Principal shall be liable unless (a) the person making claim shall have paid the full subscription price of the periodicals subscribed for to an authorized representative of the Principal and shall produce a receipt for same; and (b) such receipt shall have a copy of this bond printed thereon and shall also have noted thereon by such representative the number and expiration date of the certificate of subscription issued to him or her by the Principal.

(2). Liability of Principal and Surety hereunder is limited to Ten and 00/100 (\$10.00) Dollars, in the case of each subscription receipt, and the aggregate liability with respect to all such receipts is limited to Ten Thousand and 00/100 (\$10,000.00) Dollars.

(3). Notwithstanding the Surety shall be liable hereunder on account of any subscription other than for one or more of the periodicals named on the receipt upon which claim is made, nor on account of any oral agreement made with Principal's representative, and any charge in, or expense of or addition to the printed matter upon any receipt shall be void.

(4). Principal and Surety shall not be liable on account of any receipt issued by any person other than an authorized representative of Principal within the period for which he or she shall have been licensed by Principal, as shown by certificate of authorization, nor shall Principal or Surety be liable for any claim hereunder not presented within one year from the date of subscription receipt, nor in any suit under this bond, unless the same be instituted within said one year period.

IN WITNESS WHEREOF, the Principal and the Surety have caused this instrument to be executed by their duly authorized officers and their corporate seals to be hereunto affixed this 10th day of September, 1933.

THIS institution avails itself of all the safeguards of modern banking practice.

In furnishing you with these self-cancelling safety paper checks we provide the safest checks possible for any banking institution to furnish to its depositors. The safety paper tint is composed of dyes made by special formulas, extremely sensitive to ink eradicator, the application of which will instantly void these checks.

Protect your interests and those of others by writing your checks in ink, indelible pencil or with a checkwriting device. Write your checks carefully—see model check on this fly-leaf.

WRITE YOUR CHECKS THIS WAY

STUDY the properly filled-in check at the right, and follow these rules in writing your checks:

Always write your checks in ink.

Begin at the left of each line.

Fill all blank spaces by drawing a line through the unused space.

Avoid flourishes in your signature. A simple, legible signature is the hardest to forge.

Destroy all checks erased or marred in drawing. Mark the check-stub "Void."
Never make out checks to "Cash" or "Bearer."

Write your
checks
this way

STUDY the properly filled-in check at the right, and follow these rules in writing your checks: Always write your checks in ink. Begin at the left of each line. Fill all blank spaces by drawing a line through the unused space.

WRITE the amount with a mechanical check writer whenever possible.—This prevents the raising of your checks by simple pen changes. Avoid flourishes in your signature. A simple, legible signature is the hardest to forge. Destroy all checks erased or marred in drawing. Mark the check - stub "Void." Never make out checks to "Cash" or "Bearer." Do not sign blank checks.
